Nguyễn Trung Công Dưỡng

Intern Devops

Ngày sinh: 17/08/2004

Giới tính: Nam

Số điện thoại: 0373911708

Email: congduongnguyentrung@gmail.com

Website: Facebook: Cong Duong Nguyen Trung

Địa chỉ: 82/2, Nguyễn Xí , thành phố HCM, Bình thạnh.

CAREER OBJECTIVE

I am a fourth-year IT student seeking a DevOps Engineer internship to gain real-world experience, strengthen my skills in automation and system operations, and participate in building reliable, scalable infrastructure for web applications. I am looking for a professional environment where I can work on real projects, improve my DevOps workflow knowledge, and learn from experienced engineers.

EDUCATION

3/2025 - nay

Website Social media

react, tailwindcss, nodejs, inngest,clerk,...

Description:
Build a mini social-network application that allows users to register accounts, create posts, like (heart) posts, comment, and follow other users. The interface is modern, optimized for user experience, and supports real-time content updates.

Main features:

- Register / log in with email or Google
- Create, edit, and delete posts (with images)
- Comment, like (heart), and follow other users
- Personal profile page displaying user information and their posts
- Responsive UI for both desktop and mobile
- Real-time content updates support

Achieved Results:

- Successfully deployed a stable demo version on Vercel: https://build-and-deploy-a-full-stack-socia-three.vercel.app/

Link GitHub: https://github.com/nguyentrungcongduong/Build-and-Deploy-a-Full-Stack-Social-Media-App.git

4/2025 - nay

Template Ecommerce Nextjs

Nextjs,bootrap

Description:

- Converted pre-built HTML/CSS templates into Next.js for future use.
- Applied technologies such as Clerk for authentication.

Achieved Results:

- Successfully deployed a stable demo version on Vercel: https://nextjs-first-seven-pied.vercel.app/

Link GitHub: https://github.com/nguyentrungcongduong/nextjs_first.git

2024 - nay

Multiple-Choice Exam Website

html, css, spring boot,jquery,thymeleaf

Description:
Developed an online multiple-choice testing website that allows users to log in, select exams, take tests, and view their results immediately after submission. The system saves scores, displays rankings, and includes an admin panel for adding new questions.

Main Features:

- User login / registration (Firebase Authentication)
- Display exam lists by topic
- Real-time timed quizzes with countdown
- Automatic scoring after submission
- Result display, score statistics, and ranking board
- Admin can add / edit / delete questions
- Responsive design for both mobile and desktop
